

Features

- Reduces the need for threading compared to standard nuts and washers
- Offers up to 50% installation time savings
- Ideal for retrofit projects, such as trapeze installations (simply add on as needed)
- Can be used on threaded rod with slightly damaged threads or minor burrs
- Load rating is stronger than the threaded rod itself

The SN Series Nut, part of the CADDY® line of fixings, fasteners and supports from ERICO, is an innovative new solution for supporting loads on threaded rod. The SN Series Nut is extremely easy to install and can be positioned instantly on threaded rod at any location, helping to significantly reduce installation time. Simply open the nut and insert it on the threaded rod where needed. Then twist it to close and tighten with a wrench. It's that easy!

Because the SN Series Nut can be added to an existing application, it is ideal for use on a wide variety of retrofit projects, including trapeze installations. It is designed to reduce the need for threading and offers an installation time savings of up to 50% compared to standard nuts and washers. The SN Series Nut also provides a load rating stronger than that of the threaded rod itself.

The SN Series Nut is an innovation from ERICO designed to help the construction industry complete projects faster, easier and more efficiently.

Part Number	Description	Rod Size (Ø)	⬇ (lbs)	A (in)	B (in)
SN25	1/4" SN Series Nut	1/4 in	500	0.75 in	0.87 in
SN37	3/8" SN Series Nut	3/8 in	1350	0.75 in	0.87 in
SN50	1/2" SN Series Nut	1/2 in	2250	0.75 in	0.87 in

Part Number	Description	Rod Size (Ø)	⬇ (N)	A (mm)	B (mm)
390005	M6 SN Series Nut	M6	1650	19.0 mm	22.0 mm
390006	M8 SN Series Nut	M8	4500	19.0 mm	22.0 mm
390007	M10 SN Series Nut	M10	6000	19.0 mm	22.0 mm
390008	M12 SN Series Nut	M12	10000	19.0 mm	22.0 mm

WARNING

ERICO products shall be installed and used only as indicated in ERICO's product instruction sheets and training materials. Instruction sheets are available at www.erico.com and from your ERICO customer service representative. Improper installation, misuse, misapplication or other failure to completely follow ERICO's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death.
