

7000–38 Series Industrial Extension Lights

For PAR-38 Lamps

Applications

- These extension lights are ideal for temporary flood lighting, railroad car inspections, spot light inspecting of the internal conditions of large well pipes, and other applications requiring intense lighting.

Features

- 7000 Series extension lights resist damage and deterioration.
- Open-end of extra-heavy, electrically welded, wire accommodates up to 200 Watt bulbs.
- Ideal for use where safety codes prohibit outlets in handles.
- Easy relamping cage.
- Internal strain relief withstands 30 lb/9.1 kg. pull test.
- All-weather cords with molded plugs.
- Long-life Levolver™ switch mechanism in handle with protective thumb guard.

Standard Materials

- Cage: 10 gauge steel wire
- Cord: thermoplastic
- Handle: yellow, grease-resistant, high quality rubber

7000–SG–38

Certifications and Compliances

- CSA Certified (with cord): LL89639
- CSA Certified (without cord): LL56247
- CSA Standard: C22.2 No. 12
